This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

**Usage guidelines**

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

**About Google Book Search**

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

# RULES,

## ENACTED BY THE SOCIETY,

### IN RELATION TO THE LIBRARY.

### SECTION I.

THE Librarian shall attend at the Library every Saturday Afternoon, from three o'clock until six, from the beginning of April until the end of September; and from two o'clock until five, from the commencement of October to the last of March.

### SECTION II.

He shall lend to any member,

One Folio, or
One Quarto, or
Two Octavos, or
Four Duodecimos
} at any one time for two weeks.—

For all books so lent, he shall take a note payable to the Society, for double the value of the book, or set of books to which they belong, conditioned to return the same undefaced, within the time above-mentioned, at the expiration of which (unless application has been made by another member for the same book) the borrower may renew his note for the like time.

### SECTION III.

Every member, who shall neglect to return the book, or books, within the time specified in the second section, shall for such neglect, pay to the Librarian, for the use of the Library, 12½ cents per week, and if not returned undefaced within three months, the amount of the note shall be forfeited.

## SECTION IV.

The Librarian shall furnish the Society, at each quarterly meeting, with an account of the fines and forfeitures, which have occurred during the preceding quarter; and shall be accountable to the Society for all books that may be injured, or lost by his carelessness.

## SECTION V.

The Librarian shall at all times be considered under the control of the Library Committee, with respect to the care and management of the Library.

## SECTION VI.

No member, who is in arrear Two years for contributions or fines, shall be permitted to take any books out of the Library.

## SECTION VII.

In every case of the decease of a member of this Society, his widow, so long as she shall remain such, shall be privileged to borrow books from the Library, on the same conditions as members, she continuing to pay the annual contribution of one dollar and a quarter.

## SECTION VIII.

If any book, or books, shall not be returned to the Library within three months, a written notice of the same, and of the fines which have thereby accrued, shall be given to the delinquent by the Librarian.
